

THOR

THOR has been designed for those who wish to have a minimalist pad, with reduced thickness and high protection over long distances. The core is made with a high density and high capacity foam, able to offer great protection even with reduced depth. The perforation in the top layer guarantees comfort and proper ventilation for a quicker drying pad.

FEATURES

- BREATHABLE
- ANATOMIC SHAPES
- QUICK DRYING
- ROOTED GEL

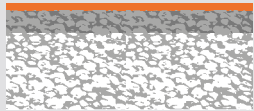

DURATION OF USE SUGGESTED

- LOW: 2 - 3 h
- MEDIUM: 3 - 5 h
- HIGH: > 5 h

ALSO AVAILABLE

Also available with PRO Air core foam, on demand.

FOAMS

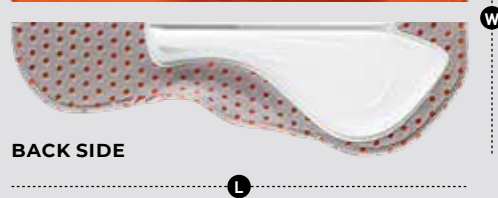

Comfort Foam for the cover, with 5mm Ø perforation.
Pro Evo Foam for the core insert.
